Silver Penny Puddings

Traditional Christmas Puddings

**Elisha Webber**

**OWNER & FOUNDER OF SILVER PENNY PUDDINGS**

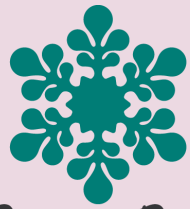

"For me, making Christmas Puddings is all about tradition. My Gran & Grandpa owned and ran the Yarra Glen Grand Hotel in the Yarra Valley, Victoria. Gran was the cook, so an obsession with food and cooking is in my blood. If Gran was here today, I know she would be the proudest grandmother on the planet and that makes me happy. Gran was all about tradition. She would make our family puddings and the table was always set with silver cutlery, silver serving platters, silver salt and pepper shakers, so that's where the "Silver" in Silver Penny Puddings comes from. The tradition of putting silver coins into the pudding is also a memory,

although Gran used to wrap a \$50 note in glad wrap. Overall my aim is to deliver you with a product that you will love and would recommend to others. So please, ENJOY!"

The gods were smiling the day that Haselgrove came to life.

The site was chosen for a number of reasons, including aspect and soil composition, but let's face it, we are in the heart of Australian wine country and a perfect place to create world class and iconic wines.

Although established in 1981, it wasn't until 1999 that the winery as it stands today was built. Change again was afoot, when in 2008 over a game of cards and couple of hearty reds four Italian-Australian industry veterans decided to purchase Haselgrove. Don Totino, Don Luca, Steve Maglieri and Tony Carrocci went to work injecting a heap of passion and ultimately re-vamping the brand, it's presentation and it's entire range of wines.
